May 7-15

DYSPEPSIA

AND LIVER COMPLAINTS.

DR. PETERS' VEGETABLE MEDICINE, STOMACHIC ET HEPATIC, formed by chymical analysis and synthesis of several proximate vegetable principles, are universally acknowledged to have totally eclipsed the pretensions of every other remedy, and surpassed the necessity of every other mode of treatment, wherever the above disease are found to exist as well as in the enlargement of the Spleen and in Jaundice.

Among the symptoms of Dyspepsia and Liver-complaints, are Flatulency, sourness or burning in the stomach melancholy irritability, disagreeable taste in the mouth; great irregularity of appetite, which is sometimes voracious, and at other times greatly deficient, thirst, feid breath, nausea, weakness of the stomach, acid eructations, palpitation, drowsiness, irregularity of the bowels, pressure on the stomach after meals, pain in the head, dizziness or vertigo; confusion of mind, attended with loss of memory, a gnawing in the stomach when empty, chilliness, affection of sight and hearing pain and weakness in the back, languor, disturbed sleep, cold feet and hands, tremor, uneasiness in the throat, chough pain in the side or breast, &c.

These medicines have been found so effectual in removing the complaints for which they are recommended, that physicians frequently having exhausted all their skill, to little or no purpose.

DR. PETERS' Antibilious Pills.

These pills are composed entirely of vegetable matter, and when taken according to the directions which accompany them, are highly beneficial in the cure and prevention of all bilious complaints. They act especially upon the liver, when in a torpid condition, carrying off a large quantity of bile, through the influence of the excretory function, which it suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grievous bodily affliction. In all cases of torpor of the bowels, they act like a charm.

As an anti-dyspeptic and dinner pill they are invaluable. Many persons who were subject to violent attacks of sick headache have been perfectly cured in a few weeks by their use. Those who are subject to that distressing complaint, sea-sickness by taking a portion or two of them a few days previous to embarking on board the vessel, will be almost certain to escape it. Females can use them at all periods, without incurring any risk. Persons going to sea or to a southern climate, should by all means take some of these pills with them. Their virtues will remain unimpaired for years in any climate. No family should be without these pills, a portion of them, taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the stomach and bowels, thus suffering to be absorbed and mingled with the blood; unassimilated fluids, that most diseases are produced. Dr. P. feels confident that no person who gives these pills a fair trial, will ever after feel willing to be without them.

They contain no particle of Mercury, or any ingredient that does not act in harmony with health and oppose disease.

Dr. P. wishes it particularly understood that those pills possess beneficial qualities independent of their purgative effects; they are both tonic and deobstruent, acting upon the secreting and exhalent functions; thus strengthening the patient, while they remove obstructions. Medicines which possess no other, excepting cathartic qualities, debilitate the patient, and their repeated use lays the foundation of a long catalogue of Chronic diseases.

Dr. P. having been educated under the most eminent American and European medical professors, and practiced his profession many years in the South where diseases of the most obstinate character prevail, considers himself well qualified to judge on the nature of diseases incident to warm climates.

Prepared and sold by Joseph Priestly Peters, M. D. at his Institution for the cure of obstinate diseases, by means of vegetable remedies, No. 129 Liberty street, New York, inventor and sole proprietor. Each box contains 40 pills, price 50 cents. The above valuable Medicines may be obtained at the Drug Store of YOUNG & M'KAIN, Camden, May 7, 1836.

A CARD.

THE Subscriber, with pleasure takes this method of informing his friends and the public generally, that having purchased the entire stock of Goods of J. G.
